[This text has 44 sections, numbered 1-33, 39, 34-43, referred to in the words, "sdom du bsdus te bstan pa dang po'o", and so on. Their endings are marked, but not their beginnings. We are provisionally assuming that the first begins at the beginning of the first chapter and that the subsequent sections each begin after the end of each previous section, and we are marking them up accordingly. Further research would be necessary to confirm that this mark-up is appropriate. The final chapter 212 is not included in the last section, which ends with ch. 211. We share these sections with gTing skyes and mTshams brag, including the misnumbering of the 34th section as the 39th (so dgu pa'o); the Virginia catalogue agrees with our placing of the sections.]
